

# **WHY PEOPLE WITH MS SHOULD GET INVOLVED IN RESEARCH**

**Katrina Chisholm**

# TYPES OF INVOLVEMENT

- Participation in Clinical Trials
- Participation in Research Committees
- Providing information via Surveys
- Participating in Focus Groups
- Giving papers at Conferences/Seminars

# WHY?

- Lived Experience
- Desire to help researchers to find solutions for PwMS
- Encourage more research into DMTs, to improve the lives of PwMS.
- Our information can assist researchers in finding a cure.

# THANK YOU

To the ANU for Funding the  
Our Health in Our Hands MS  
Project, and getting PwMS  
involved in this research.
