

PFAS Health Study: October, 2019 CRP Progress Report

Study update

Component 2 and 3 – Blood Serum Study and Cross-Sectional Survey

- On 18 October invitations to participate in the online survey were sent to all Voluntary Blood Testing Program participants who agreed to take part in the study and had not requested a paper version of the survey.
- On 23 October invitations to participate in the online survey were sent to interested community members who had previously had contact with the study team.
- Data analysis plans for the Cross-sectional Survey and Blood Serum Study are being drafted.

Component 4 – Data Linkage Study

- A data analysis plan for the Data Linkage Study is being drafted.

Administration

Media

- Martyn Kirk was interviewed about the overall study by Josh Bavas from Queensland ABC.
- ANU Media organised a series of print and radio interviews for Martyn Kirk during the week beginning 18 October in relation to the release of the survey.
