

Seminar Series 1: Systems thinking approach to Mental Health planning

Wednesday 9 – Friday 11 August

Registration

For more information and to register follow the link below (places are limited!)

cmhr.anu.edu.au/news-events/upcomingevents

Cost

- > \$400 per seminar or \$500 for Seminar A and B (external ANU staff and students)
- > Reduced price \$70 per Seminar for ANU staff and students

Format

Both seminars will be held at The Australian National University, Canberra.

Seminar A: Mapping Mental Health Care using the DESDE-LTC Classification System (1.5 days)

9 August 2017, 9am – 5pm
10 August 2017, 9am – 1pm

Seminar B: Translating mental health care research into policy in the real world (1 day)

10 August 2017, 1:30 – 5pm
11 August 2017, 9am – 1:30pm

Who should attend?

- > University academic staff, professional staff and students
- > Government and non-government policy makers and advisors, staff and students
- > Community sector professionals

Presented by

Centre for
Mental Health Research

Ever wondered how research informs mental health policy and planning?

The first two seminars in this inaugural CMHR Seminar Series are designed to provide participants with knowledge and skills in a systems thinking approach to mental health planning.

In the first seminar participants will learn how to use the Description, Evaluation and Classification of services for Long Term Care (DESDE-LTC) instrument in the assessment of mental health services. Participants will be provided with examples of the DESDE-LTC application internationally and nationally. The standard assessment of services facilitates territorial comparisons, which is crucial for evidence-informed health planning and resource allocation.

In the second seminar a series of lectures introduces participants to the application of classification systems in the Commonwealth Government and State/Territory Governments. Examples from State Government representatives will outline how policies are translated into mental health planning. This seminar explores a systems approach to mental health planning and provides a platform for moving forward.

Centre for Mental Health Research: Seminar Series 1: Systems thinking approach to Mental Health planning

Date: 9-11 August 2017 (2.5 days)

Seminar A: Mapping Mental Health Care using the DESDE-LTC Classification System

9-10 August 2017 (1.5 days)

Venue: Henderson Conference Room
Centre for Mental Health Research
The Australian National University
Building 63 Eggleston Road
Acton, ACT

9th August (Day 1)

- | | |
|-------------|--|
| 09:00-09:30 | Introduction: A systems thinking approach to the evaluation of mental health care.
<i>Luis Salvador-Carulla</i> |
| 09:30-10:45 | The DESDE-LTC System for coding and mapping mental health services Part I.
<i>Mencia Ruiz</i> |
| 10:45-11:15 | Morning tea |
| 11:15-13:00 | The DESDE-LTC System for coding and mapping mental health services: Part II.
<i>Mencia Ruiz</i> |
| 13:00-13:30 | Lunch (provided) |
| 13:30-17:00 | Use of DESDE-LTC: Guided cases.
<i>Mencia Ruiz</i> |

10th August (Day 2 morning)

- | | |
|-------------|--|
| 9:00-10:45 | Use of Geographical Information Systems in mental health care.
<i>Nasser Bagheri and Jose A Salinas</i> |
| 10:45-11:15 | Morning tea |
| 11:15-12:00 | The Atlas of Mental Health Care project. International development.
<i>Mencia Ruiz and Luis Salvador-Carulla</i> |
| 12:00-13:00 | The Atlas of Mental health Care project. Implementation and practical experiences in Australia.
<i>John Mendoza</i> |
| 13:00-13:30 | Lunch (provided) |

Seminar B: Translating mental health care research into policy in the real world
10-11 August 2017 (1 day)

10th August (Day 2 afternoon)

- 13:30-14:00 Introduction
Luis Salvador-Carulla
- 14:00-14:45 Accountability and evidence-informed mental health care planning.
Sebastian Rosenberg
- 14:45-15:30 The implementation gap in eMHealth.
Phil Batterham
- 15:30-15:50 Afternoon tea
- 15:50-17:00 Practical experiences in the use of modelling and smart Decision Support Systems in Mental health planning.
Jose A Salinas and Jina Chung

11th August (Day 3)

- 09:00-09:45 An update on the WHO family of International Classification (WHO-FIC): Implications for mental health planning in Australia.
Jenny Hargreaves
- 09:45-10:30 National Mental Health Service Planning Framework (NMHSPF) and its application in policy and planning in Australia.
Harvey Whiteford
- 10:30-11:00 Morning tea
- 11:00-11:45 Translating national policies into local planning. A perspective from Capital Health Network- ACT.
Lauren Anthes
- 11:45-12:00 Translating national policies into urban and rural State planning. A perspective from Western Australia.
Daniel Rock
- 12:00-13:15 Round table: Bridging research, policy and practice. Experiences and challenges in the real world.
Tina Bracher
- 13:15-13:30 Seminar close

Seminar series 1. Seminars A and B Presenters

Ms Lauren Anthes	<i>Capital Health Network</i>
Dr Nasser Bagheri	<i>Australian National University</i>
Associate Professor Phil Batterham	<i>Australian National University</i>
Ms Tina Bracher	<i>ACT Health Directorate</i>
Ms Jina Chung	<i>University of Sydney</i>
Ms Jenny Hargreaves	<i>Head of Australian WHO-FIC Collaborating Centre, AIHW</i>
Adjunct Professor Daniel Rock	<i>University of Western Australia, WAPHA</i>
Assistant Professor Mencia Ruiz	<i>University Loyola Andalucia (Spain)</i>
Adjunct Professor John Mendoza	<i>University of Sydney</i>
Dr Sebastian Rosenberg	<i>University of Sydney</i>
Assistant Professor Jose A Salinas	<i>University Loyola Andalucia (Spain)</i>
Professor Luis Salvador-Carulla	<i>Australian National University</i>
Professor Harvey Whiteford	<i>University of Queensland</i>
